#### BONDS OF SALES AND MANAGEMENT BROKERS; BOND RECORDS AND PROCEDURE

Amending Part 403 of Chapter IV, Title 24 of the Code of Federal Regulations.

Section 403.08-3 is repealed and Sections 403.08-1 and 403.08-2 are amended to read as follows:

§ 403.08-1 Each Contract Management Broker shall furnish to the Corporation a surety bond in an amount not less than one month's estimated gross income from all properties listed with such broker for management, unless the Regional Manager directs in writing that such bond be waived, or unless the broker, in compliance with law, has filed with a public official a surety bond which, in the opinion of the Regional Manager and Regional Counsel, adequately protects the Corporation against loss.

The Regional Manager may require any Contract Sales Broker to furnish to the Corporation a surety bond in such amount as the Regional Manager may in his discretion prescribe.

Each such broker's bond shall conform to the requirements of Chapter VI of this Manual and shall be conditioned upon the due performance by the broker of his obligations under his contract with the Corporation. Subject to the provisions of this Article, the amount of each such bond may be increased or decreased at any time in the discretion of the Regional Manager. All premiums and other charges in connection with the issuance and maintenance of each such bond shall be paid by the broker executing the same as principal.

§ 403.08-2 The Regional Manager shall promptly notify the Regional Management Section of each case in which a contract broker is required to furnish a surety bond to the Corporation, and that Section shall thereupon obtain such bond from such broker and shall deliver it into the custody of the Insurance Section. The Regional Management Section shall maintain an adequate record of such brokers' bonds and shall notify brokers and the Insurance Section of any case in which the amount of the coverage is to be revised or the bond is not to be continued. Thirty days prior to the anniversary date of such bond, the Insurance Section shall notify the Regional Property Management Division of such anniversary. ### PART 403—PROPERTY MANAGEMENT

#### COMPETITIVE BIDS, EQUIPMENT PURCHASES, WAIVER OF BIDS, JUSTIFICATION FOR WAIVER OF BIDS, STANDARD EQUIPMENT— PRICE LISTS; LIMITATIONS ON BROKER'S AUTHORITY TO INCUR CHARGES

Amending Part 403 of Chapter IV, Title 24 of the Code of Federal Regulations.

Sections 403.11-19 and 403.14-2 are amended to read as follows:

§ 403.11-19 Before incurring any charges for repairs, the purchase of materials necessary to effect such repairs or the purchase of equipment, the broker shall obtain the prior approval of the State Manager unless the cost of such charges does not exceed the limitations on the broker's authority as provided in Article 314-2. The broker shall be responsible for the completion of such repairs in a good and workmanlike manner, for the selection of appropriate equipment, and for the proper installation of such equipment. Competitive bids are not required if the cost of the repairs or purchases does not exceed \$25.

If the cost exceeds \$25 the broker shall obtain competitive bids unless such bids are waived as hereinafter provided. In any case where the repairs cost in excess of \$25 and the broker is required to obtain the approval of the State Manager before incurring any charges therefor, he shall forward to the State Manager for approval the bids, if any, secured by him, together with his recommendations on Form PM 419.

With respect to the installation of items of new equipment or in replacement of old equipment costing in excess of \$25, such as gas stoves, refrigerators, heating plants, incinerators, or other similar items, the Contract Broker shall obtain such bids in the number and manner as the Corporation may prescribe, and shall forward such bids, accompanied by his recommendations on Form PM 420 to the State Manager. The Corporation reserves the right to specify to the Contract Broker what products and materials shall be used in making repairs. In the purchase of supplies and any authorized equipment, the Contract Broker shall follow such procedure as the Corporation may prescribe.

The State Manager may waive competitive bids for repairs or purchases of equipment where it is not feasible to obtain bids because of the urgency of the situation, the limited number of contractors or vendors willing or able to submit bids, or if there is a reasonable possibility that the loss of time resulting from obtaining bids might cause the loss of a prospective sale or tenancy. Competitive bids in connection with repairs may also be waived by the Contract Broker for the same reasons in any case where under Article 314-2 he is authorized to incur charges without the prior approval of the State Manager.

In all cases where the Contract Broker pursuant to the provisions of the next preceding paragraph has waived the obtaining of competitive bids in connection with repairs costing in excess of \$25, he shall forward to the Corporation a written statement justifying the awarding of the contract without bids and said statement shall accompany vouchers to secure payment, or shall be transmitted with the copy of the Broker's Monthly Operating Report forwarded to the State Office in the event payment has been made by the Broker out of funds collected by him from the properties listed with him for management. In any case where the State Manager has authorized repairs or the purchase of equipment without competitive bids, he shall state the reason for waiving bids on the voucher submitted to the Regional Office to secure payment to the contractor or vendor.

The State Manager may further authorize the purchase of standard equipment costing in excess of \$25.00 at standard prices without competitive bids where in his opinion the obtaining of such bids would serve no useful purpose.

<sup>1</sup> Effective May 12, 1939.

In communities where it is feasible, the State Manager may obtain, through the Reconditioning Section and as provided in Article 501-9.1, price lists, catalogs or offers for periodic purchases from competitive concerns containing prices at which standard equipment may be purchased during a stipulated time. Purchases of equipment may be made on the basis of such price lists without other bids from such concerns.

§ 403.14-2 The Contract Broker is authorized to incur charges in the performance of any of the functions or duties required or authorized to be done by this Chapter of the Manual, including charges for maintenance, repairs, and for the purchase of supplies, and of items of new equipment costing not in excess of \$25, and for coal or other fuel, water, gas, electricity, or janitor service, provided the total cost of such charges does not exceed \$25 during any monthly accounting period on any particular property listed with him containing not more than one unit or \$50 on any property containing more than one unit except in cases requiring emergency repairs for which the broker may incur charges not exceeding \$100. Where the cost of such items other than for emergency repairs exceeds these limitations on any particular property during any monthly accounting period, or in any case where the purchase of items of new equipment or in replacement of old equipment costing more than \$25 is required, the broker shall not incur such charges without the approval of the State Manager. The State Manager may authorize the broker in writing, either generally or with respect to any specific property, to incur charges of a recurring nature such as expenditures for fuel, water, gas, electricity, or janitor service, in which event future expenditures for any such items shall not be taken into consideration in computing the limitations of \$25 or \$50 provided for in this Article. Copies of such authorizations shall be maintained by the Property Management Division of the State Office and shall be furnished to the Management Section in the Regional Office and to the Regional Supervising Auditor. Notwithstanding the above limitations, where repairs are required immediately in order to prevent impairment of health or to protect the property from imminent damage as a result of breakage, storm, fire, or other casualty, the Contract Broker is authorized to award a contract or contracts to effect such repairs in a sum not to exceed \$100 without first receiving authorization from the State Manager. However, in each such case where the cost of such emergency repairs exceeds \$25 on any property containing not more than one unit or \$50 on any property containing more than one unit, the Contract Broker shall report by wire, telephone, or the quickest means of communication to the State Manager the necessity for such repairs and thereafter shall submit

to the State Manager a detailed explanation of the necessity for such expenditure. Charges or expenses duly incurred or approved under authority of Section 314 with respect to any individual Corporation property listed with the Contract Broker may be paid by such Contract Broker out of any revenues received by him from any Corporation properties listed with him for management; provided that if the amounts of such charges or expenses exceed \$300 in any individual case, the same shall be paid by voucher submitted by such broker to the Corporation in accordance with the regular procedure provided therefor. (Effective May 15, 1939)

## DEPARTMENT OF LABOR.

### Wage and Hour Division.

[Administrator's Decision]

#### FINDING CERTAIN BRANCHES OF THE LUMBER INDUSTRY OF A SEASONAL NATURE WITHIN THE MEANING OF THE FAIR LABOR STANDARDS ACT OF 1938 AND REGULATIONS ISSUED THEREUNDER

Whereas, the Northeastern Lumber Manufacturers Association, Inc., the American Pulpwood Association, the Timber Producers Association of Minnesota, and sundry other parties have filed applications for exemption, pursuant to Section 526.4 of the Regulations Applicable to Industries of a Seasonal Nature, of certain subdivisions of the lumber industry from the maximum hours provision of the Fair Labor Standards Act of 1938 as branches of an industry of a seasonal nature pursuant to Section 7 (b) (3) of the Act; and

Whereas, after a public hearing on the applications held in Washington, D. C., on January 16, 1939,<sup>1</sup> the Presiding Officer determined that the applications should be denied upon the basis of the record made at the hearing; and

Whereas, petitions were filed by the applicants pursuant to Section 526.7 of the said Regulations for review of the Presiding Officer's determination; and

Whereas, upon due examination and consideration of the applications for exemption, the record of the proceedings, the findings of the Presiding Officer, and the petitions for review, it was found desirable to set a hearing pursuant to Section 526.5 of the Regulations for the purpose of taking evidence on the questions raised by the applications for exemption in lieu of reviewing the determination under the provisions of Section 526.7 of the Regulations; and

Whereas, a public hearing was held before Administrator Elmer F. Andrews in Washington, D. C. on April 17 and 18, 1939 for the purpose of taking testimony on the questions specified by the Notice of Hearing, dated March 31, 1939 as follows:

"(1) Whether the northern section of the lumber industry, as defined herein, is an industry of a seasonal nature within the meaning of Section 7 (b) (3) of the Fair Labor Standards Act of 1938,

and Part 526 of the Regulations issued thereunder.

"(2) Whether the cutting, peeling, hauling, driving and auxiliary operations involved in the production of sap peeled pulpwood are of a seasonal nature within the meaning of Section 7 (b) (3) of the Act and Part 526 of the Regulations, and whether such operations can be classified as an industry or a separate branch of an industry within the meaning of Sections 7 (b) (3) and 3 (h) of the Act and Part 526 of the Regulations.

"(3) Whether there are any other divisions of the northern section of the lumber industry which are of a seasonal nature and can be classified as industries or separate branches of an industry within the meaning of Sections 7 (b) (3) and 3 (h) of the Act and Part 526 of the Regulations.

"The northern section of the lumber industry, as used in this notice, means the operations of logging and sawmilling, together with auxiliary operations, which are conducted in the States of Maine, Michigan, Minnesota, New Hampshire, New York, Pennsylvania, Vermont and Wisconsin. In the case of sap peeled pulpwood production, the geographical area to be considered at the hearing will include, in addition to these States, Kentucky, Maryland, North Carolina, Ohio, Tennessee, Virginia and Washington"; and

Whereas, upon due examination and consideration of the record of the proceedings held on April 17 and 18, 1939, before the Administrator, it is found that:

(1) The sap peeling of pulpwood can be performed only during the months of the year when the sap is running; and

(2) The sap peeling of pulpwood means the felling, trimming and peeling of pulpwood trees while the sap is running, and includes the operations of bucking and piling if performed during the sap peeling season; and

(3) The typical period during which sap peeling operations can be performed extends from the beginning of May through the end of August; and

(4) The operation of sap peeling of pulpwood must cease at the time when the sap no longer runs in the pulpwood trees; and

(5) The sap peeling of pulpwood is a separable branch of the lumber industry within the meaning of Section 3 (h) of the Fair Labor Standards Act of 1938; and

Whereas, it has been further found that:

(1) The hauling on ice and snow roads of sawtimber and pulpwood in the States of Maine, Massachusetts, New Hampshire, Pennsylvania, Vermont, Michigan, Minnesota, Wisconsin and New York can be performed only during the months of the year when ice and snow roads can be utilized for the transportation of saw-

timber and pulpwood and must cease at the beginning of the spring thaw; and

(2) The spring freshet driving of sawtimber and pulpwood in the States of Maine, New Hampshire, New York and Vermont can be performed only during the months succeeding the spring break-up and while the rivers and streams in these States are in flood stage; and

(3) Ice and snow road hauling and spring freshet driving in the States enumerated in the preceding paragraphs constitute separable branches of the lumber industry within the meaning of section 3 (h) of the Fair Labor Standards Act of 1938; and

Whereas, it has been further found that:

(1) The evidence in the record does not show that any cessation of sawtimber logging in the northeast which occurs is due of necessity to climatic or other natural conditions; and

(2) Although there may be individual sawmills in the northeast which conduct their operations within a specified time period, the evidence in the record does not show that the sawmilling industry in the northeast, or any branch thereof, ceases production because of climatic or other natural conditions.

Now, therefore, notice is hereby given, that the Administrator has found, pursuant to Section 526.6 (e) of the Regulations upon the basis of the record made at the hearings, that:

(1) The pulpwood sap peeling branch of the lumber industry wherever conducted is an industry of a seasonal nature within the meaning of Section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Regulations issued thereunder, and, therefore, is entitled to the exemption provided in Section 7 (b) (3) of the said Act.

(2) The ice and snow road hauling branch of the lumber industry as defined in this notice of decision (in the states of Maine, Massachusetts, New Hampshire, Pennsylvania, Vermont, Michigan, Minnesota, Wisconsin and New York) is an industry of a seasonal nature within the meaning of Section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Regulations issued thereunder and, therefore, is entitled to the exemption provided in Section 7 (b) (3) of the said Act.

(3) The spring freshet driving branch of the lumber industry as defined in this notice of decision (in the states of Maine, New Hampshire, New York and Vermont) is an industry of a seasonal nature within the meaning of Section 7 (b) (3) of the Fair Labor Standards Act of 1938 and Regulations issued thereunder and, therefore, is entitled to the exemption provided in Section 7 (b) (3) of the said Act.

(4) The applications for exemption of other subdivisions of the lumber industry are not sustained by the evidence

<sup>1</sup> 3 F.R. 2534 DI.

<sup>2</sup> 4 F.R. 94 DI.

introduced at the hearings and are, therefore, denied.

Signed at Washington, D. C., this 10th day of May 1939.

ELMER F. ANDREWS,  
Administrator.
